Minutes:

- Review of 21st CCLC goals/objectives

The Site Coordinator, Megan Cashour, talked about the purpose of the meeting and we reviewed the goals and objectives of the grant proposal. Introductions were completed. The entire meeting was translated for our Spanish speaking parents by Maria Martinez

- How we are serving students that really need extra support.

We are providing prevention services and activities through a partnership with David Lawrence Center that helps with student behaviors in the program, at school and at home. Students benefit from having homework support from certified teachers and

organized, the use of Leader in Me and the 7 Habits, the high school and college students are a big help in the classrooms, campus is beautiful, and the schedule gives a break to kids from the structured school day. They also mentioned that Grace Place supports the entire family, not just the students, and that we are flexible with partners as far as scheduling, materials, etc.

Parents and community partners gave fantastic suggestions for the program which included: providing a dinner menu so that parents know what students are eating, and possibly smaller class sizes.

All parents have been distributed an electronic and paper Parent Survey. This survey asks specific questions about their needs as far as length of time for an afterschool program, needs for meals, priorities for parents, and a space for them to complete a written response. Our admin team will meet soon to discuss the results from the survey.

- Conclusion

Megan wrapped up the meeting by sharing that a main goal of hers is to hold training sessions for staff members (AP Leaders and LPA's) to improve the quality of instruction and supervision during the afterschool program. Megan also expressed that we are so thankful for the partnerships with community partners and supportive parents. Because of our teamwork, we are able to provide children with quality afterschool programming.
