

The Salvation Army Operation Lasting Hope

The Salvation Army of Collier County, through generous donations from the Community Foundation of Collier County & the Richard M. Schulze Family Foundation, and in cooperation with Molina Healthcare are privileged to provide gift cards to qualifying families and individuals.

In our commitment to provide community assistance by distancing, The Salvation Army is continuing to invite residents of Collier County to visit www.collierhelp.org to complete the needs assessment and application. Households affected by COVID-19 who have a total loss of income and an urgent need for essential items may apply. Using a smartphone, tablet or pc, the applicant will complete an application in English, Spanish, or Creole then upload required documents (as easy as a picture). Salvation Army team members will review the case file. Once approved, the applicant receives an email/text indicating approval and inviting them to log in to the portal to sign for and receive their gift card.

Cards will be distributed either electronically or through the mail based on the location, needs, and qualifications of the client

This innovative program enables safe, efficient, and timely solutions for all!

COMMUNITY FOUNDATION
OF COLLIER COUNTY
FOR GOOD. FOREVER.
